## PROJECTS UNDERTAKEN DURING ACADEMICS

### Faculty Guided Project: Ecommerce Website

**DESCRIPTION:** This project was pursued by me in a group as it was a 5<sup>th</sup> Semester minor project.

### Project: Social Media Clone Project

**DESCRIPTION:** This project was pursued by me. This project is also done in Django web framework. This is basically a social media website using Django. Key Features are – Groups, Multiple Users, Posts in Groups, Linking user profile, Multiple Applications.

### Project: Own Portfolio Website

**DESCRIPTION:** This project was pursued by me. In this project I have used HTML5, CSS3, JavaScript. Aim to build this website is to enhance my grasp on front-end.
